

LIPOSOMAL C

A Liposomal Vitamin C Dietary Supplement*

Liposomal Vitamin C:

- Is vegetarian
- Is available in a liquid liposomal delivery system to support assimilation and bioavailability*
- Helps maintain collagen*
- Helps the body form red blood cells*
- Helps to provide antioxidant protection against free radicals*
- Supports the immune system*
- Supports gum tissue health*

About Vitamin C

Vitamin C (Ascorbic acid) is an essential, water soluble nutrient that acts as an antioxidant by helping to protect the body against oxidative stress.* When there are more free radicals (reactive oxygen species, ROS) in the human body than antioxidants, oxidative stress occurs. Oxidative stress can lead to many health challenges. Vitamin C is also a cofactor in at least eight enzymatic reactions, including several collagen synthesis reactions. Vitamin C is found in high concentrations in immune cells, and it is consumed quickly when the immune system faces a challenge.

Liposomal Delivery System

Liposomal encapsulation of ingredients represents a new delivery system that offers important advantages over existing methods of delivery. The liposome has hydrophilic and hydrophobic sides offering a fat and water portion which allows Vitamin C to be absorbed through the fat and water soluble pathways for optimal utilization by the body.* This liposomal delivery system can be especially beneficial for people who have gastrointestinal health challenges, and for those people who require large amounts of Vitamin C.*

Suggested Use: As a dietary supplement, take 1 teaspoon (5 ml) once or twice daily with food, or as directed by your healthcare practitioner. Shake well before each use.

Supplement Facts

Serving Size 1 Teaspoon (5 ml)
Servings Per Container 60

Amount Per Serving	% Daily Value
Calories 15	
Total Carbohydrates 3 g	1%†
Vitamin C (as Sodium Ascorbate) 1,250 mg	1,389%
Sodium (as Sodium Ascorbate) 160 mg	7%
Stevia Leaf Extract 10 mg	*

† Percent Daily Values are based on a 2,000 calorie diet.
*Daily Value not established.

Other Ingredients: glycerin, purified water, sunflower lecithin, sunflower oil, oleic acid polyglyceride, ascorbyl palmitate, natural flavors, ascorbic acid, xanthan gum, rosmarinic acid, mixed tocopherols, potassium sorbate.

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.

Caution: Contents may be under pressure. Open slowly on a level surface only when bottle is at room temperature or cooler. Open with caution and away from the face.

VEGETARIAN / SOY FREE / GLUTEN FREE / NON-GMO

ZINC LOZENGE

Zinc is an essential mineral found in every body cell. It is essential for a wide range of physiological functions and is an important cofactor for more than 200 enzymes, more than any other mineral.*

These lemon-flavored zinc lozenges are truly superior-tasting supplements for both children and adults. They contain zinc in the citrate form to support immune system function, which is especially important during the winter months.* The lozenge form also works well to support the tissues of the throat.*

Recommended for:

- Fertility, male sexual function and pregnancy support*
- Immune support, especially in winter months*
- Joint and skin support (including skin blemishes)*
- Smokers and those exposed to second-hand smoke*
- Oral contraceptive users*

Why Zinc?

- “Some 90 percent of the population consume diets deficient in zinc,” according to Dr. Harmond M.D., Ph.D. the father of the free radical theory of aging. And even those eating sufficient amounts of zinc do not always absorb it adequately. A zinc deficiency can lead to osteoporosis, knee and hip discomfort, mental disorders, memory loss, depression, fatigue, irritability, decreased sense of taste and smell, skin problems (acne, dry skin, stretch marks, and prolonged wound healing), poor hair growth, imbalance cholesterol and glucose levels, decreased immune function, growth impairment, menstrual irregularities, fertility problems, prostate dysfunction, low testosterone levels, low sperm count and impotence.*

Zinc Supports:

- Superoxide dismutase activity, an important antioxidant enzyme*
- Immune system health and function*
- Collagen formation, bone health and muscle function*
- Protection against UV radiation*
- Fertility and reproductive system health and function*
- Normal cell division*
- Normal growth and development*
- Brain development and nerve function*
- Insulin activity, carbohydrate metabolism and amino acids synthesis*
- Enzyme and hormone synthesis and function*
- Heavy metal detoxification and liver detoxification processes*

Suggested Use: As a dietary supplement, take 1 lozenge in the AM and 1 lozenge in the PM, or as directed by your healthcare practitioner. Let dissolve in mouth.

Supplement Facts

Serving Size 1 Lozenge
Servings Per Container 60

Amount Per Serving	% Daily Value
Calories 5	
Total Carbohydrates 1 g	0%†
Zinc (as Zn Citrate & Zn Gluconate) 23 mg	209%
Stevia Leaf Extract 4 mg	*

†Percent Daily Values are based on a 2,000-calorie diet.
*Daily Value Not Established.

Other Ingredients: xylitol, stearic acid, vegetable stearate, citric acid, honey powder, silica, natural lemon flavor.

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.

GLUTEN FREE

GLUTATHIONE

Setting the Benchmark for Glutathione Absorption*

- 2.5 times more bioavailable*
- Powerful support for immune health*
- Helps maintain cognitive health*
- Supports detoxification within the body*
- Encourages a healthy gut lining*
- Promotes energy and vitality*

Glutathione is the body's master antioxidant and it plays an important role in maintaining cellular health.^{*1,2} Until now, standard glutathione supplements were easily broken down and poorly absorbed.* That's why DaVinci[®] Laboratories created Glutathione with Provail[®], a glutathione supplement with 2.5 times better bioavailability than the leading competitor.* It works fast, helps to maintain your immune system, soothes your digestive tract, and helps you think clearly.*

A Revolutionary Glutathione Supplement

Glutathione with Provail[®] works better, faster, and goes deeper than regular glutathione with its impressive bioavailability-boosting technology.* Provail[®] is a structurally changed, ultra-small whey protein matrix, similar to the size of casein micelles (or protein-mineral clusters) in milk. This polymerized whey protein matrix coats the glutathione to help maintain its structure as it travels through the gastrointestinal tract.* Think of this specialized whey protein as an envelope that contains a nutrient inside of it—namely glutathione. When the protective envelope arrives in the small intestine, it opens up and releases glutathione for maximum absorption.*

A 2021 animal study published in *Molecules* by Zhang and colleagues showed that Glutathione with Provail[®] was absorbed 2.5 times better, raised blood and tissue levels of glutathione, and boosted blood antioxidant activity more than the leading brand of glutathione.^{*2} It's so powerful that you only need 200 mg compared to 500 mg of standard glutathione.^{*2}

In synergy with glutathione, the whey protein in Provail[®] supports musculoskeletal health, a strong gut lining, the removal of unwanted substances,^{3,4} firm and flexible arteries,⁵ and cognitive function.^{*5,6}

DaVinci[®] Laboratories' innovative glutathione delivery system has another advantage: it is a pure, clean, simple supplement.* Whey protein, glutathione, cellulose, and leucine are the only ingredients. Glutathione with Provail[®] does not contain the carriers and inactive ingredients found in other glutathione supplements. Glutathione with Provail[®] is free of hormones and gluten.

Boost the Gut-Immune System with a More Bioavailable Glutathione*

Glutathione with Provail[®] supports a strong immune system^{1,3,4} and digestive system.* As an antioxidant,¹ glutathione soothes the intestinal lining and supports a healthy inflammatory response.^{*7} This supports immune imbalance throughout the body and helps to promote a healthy gut lining and intestines.*

Think More Clearly and Stay Focused*

Higher levels of glutathione in the brain are linked to normal neuron levels and a healthy aging process.^{*8} Keeping your glutathione levels optimal means you're less likely to forget where you put your car keys.* Glutathione also can help kids and adolescents stay focused due to its important role in children's brain health.^{*9,10}

Glutathione with Provail[®] is Recommended for:

- Better, faster, and deeper glutathione delivery*
- Promoting a balanced immune system*
- Brain health and cognitive function*
- Helping to maintain concentration and focus*
- Supporting healthy gastrointestinal function*
- Heavy metal exposures*
- Healthy aging and vitality*

Suggested Use: As a dietary supplement, take 1 capsule daily, or as directed by your healthcare practitioner.

Supplement Facts

Serving Size 1 Capsule
Servings Per Container 30

Amount Per Serving	% Daily Value
L-Glutathione (from Provail [®] Whey Encapsulated L-Glutathione (Reduced)) 200 mg	*

*Daily Value not established.

Other ingredients: hypromellose (capsule), microcrystalline cellulose, vegetarian leucine.

Contains: Milk.

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.
