

# KRILL OIL

## A Krill Oil supplement

- **NKO™ Krill Oil** is a natural extract from Antarctic krill *Euphausia superba*. It naturally contains phospholipids with bonded omega-3, and is rich in EPA and DHA along with esterified astaxanthin.

## Superiority of NKO™ Krill Oil:

- Harvested in the pure, pristine waters of the Antarctic Ocean, NKO™ Krill Oil is extracted from a tiny, shrimp-like, marine crustacean known as *Euphausia superba* (Krill). NKO™ Krill Oil is one of the cleanest wild sourced omega-3 supplements offered on the market today.
- Rich in omega-3 fatty acids and esterified astaxanthin, NKO™ Krill Oil provides unique benefits that differ from other omega-3 sources.

**Suggested Use:** As a dietary supplement, take 2 softgels daily with food, or as directed by your healthcare practitioner.

## Supplement Facts

Serving Size 2 Softgels  
Servings Per Container 30

Amount Per Serving	% Daily Value
████████████████████	████████████████████
Calories 10	████████████████████
Total Fat 1 g	1%†
NKO™ Krill Oil ( <i>Euphausia superba</i> ) 1,000 mg	*
yielding

# GLUTATHIONE

## Setting the Benchmark for Glutathione Absorption\*

- 2.5 times more bioavailable\*
- Powerful support for immune health\*
- Helps maintain cognitive health\*
- Supports detoxification within the body\*
- Encourages a healthy gut lining\*
- Promotes energy and vitality\*

Glutathione is the body's master antioxidant and it plays an important role in maintaining cellular health.<sup>\*1,2</sup> Until now, standard glutathione supplements were easily broken down and poorly absorbed.\* That's why DaVinci<sup>®</sup> Laboratories created Glutathione with Provail<sup>®</sup>, a glutathione supplement with 2.5 times better bioavailability than the leading competitor.\* It works fast, helps to maintain your immune system, soothes your digestive tract, and helps you think clearly.\*

### A Revolutionary Glutathione Supplement

Glutathione with Provail<sup>®</sup> works better, faster, and goes deeper than regular glutathione with its impressive bioavailability-boosting technology.\* Provail<sup>®</sup> is a structurally changed, ultra-small whey protein matrix, similar to the size of casein micelles (or protein-mineral clusters) in milk. This polymerized whey protein matrix coats the glutathione to help maintain its structure as it travels through the gastrointestinal tract.\* Think of this specialized whey protein as an envelope that contains a nutrient inside of it—namely glutathione. When the protective envelope arrives in the small intestine, it opens up and releases glutathione for maximum absorption.\*

A 2021 animal study published in *Molecules* by Zhang and colleagues showed that Glutathione with Provail<sup>®</sup> was absorbed 2.5 times better, raised blood and tissue levels of glutathione, and boosted blood antioxidant activity more than the leading brand of glutathione.<sup>\*2</sup> It's so powerful that you only need 200 mg compared to 500 mg of standard glutathione.<sup>\*2</sup>

In synergy with glutathione, the whey protein in Provail<sup>®</sup> supports musculoskeletal health, a strong gut lining, the removal of unwanted substances,<sup>3,4</sup> firm and flexible arteries,<sup>5</sup> and cognitive function.<sup>\*5,6</sup>

DaVinci<sup>®</sup> Laboratories' innovative glutathione delivery system has another advantage: it is a pure, clean, simple supplement.\* Whey protein, glutathione, cellulose, and leucine are the only ingredients. Glutathione with Provail<sup>®</sup> does not contain the carriers and inactive ingredients found in other glutathione supplements. Glutathione with Provail<sup>®</sup> is free of hormones and gluten.

### Boost the Gut-Immune System with a More Bioavailable Glutathione\*

Glutathione with Provail<sup>®</sup> supports a strong immune system<sup>1,3,4</sup> and digestive system.\* As an antioxidant,<sup>1</sup> glutathione soothes the intestinal lining and supports a healthy inflammatory response.<sup>\*7</sup> This supports immune imbalance throughout the body and helps to promote a healthy gut lining and intestines.\*

### Think More Clearly and Stay Focused\*

Higher levels of glutathione in the brain are linked to normal neuron levels and a healthy aging process.<sup>\*8</sup> Keeping your glutathione levels optimal means you're less likely to forget where you put your car keys.\* Glutathione also can help kids and adolescents stay focused due to its important role in children's brain health.<sup>\*9,10</sup>

### Glutathione with Provail<sup>®</sup> is Recommended for:

- Better, faster, and deeper glutathione delivery\*
- Promoting a balanced immune system\*
- Brain health and cognitive function\*
- Helping to maintain concentration and focus\*
- Supporting healthy gastrointestinal function\*
- Heavy metal exposures\*
- Healthy aging and vitality\*

**Suggested Use:** As a dietary supplement, take 1 capsule daily, or as directed by your healthcare practitioner.

## Supplement Facts

Serving Size 1 Capsule  
Servings Per Container 30

Amount Per Serving	% Daily Value
L-Glutathione (from Provail <sup>®</sup> Whey Encapsulated L-Glutathione (Reduced)) 200 mg	*

\*Daily Value not established.

Other ingredients: hypromellose (capsule), microcrystalline cellulose, vegetarian leucine.

**Contains: Milk.**

**Warning:** If pregnant or nursing, consult your healthcare practitioner before taking this product.

# BIO DIM<sup>®</sup> COMPLEX

## A Dietary Supplement to Support Hormonal Balance in Men and Women\*

- **Bio DIM<sup>®</sup> Complex** is a blend of DIM<sup>®</sup> combined with Vitamin D3, Vitamin E, Calcium D-Glucarate, Green Tea Extract, HMRlignan<sup>™</sup>, and Trans-Resveratrol.
- **Bio DIM<sup>®</sup> Complex** is a state of the art formula that supports hormone balance and cellular health in both men and women.\*
- **Bio DIM<sup>®</sup> Complex Supports:**
  - Hormone balance in both men and women\*
  - Normal Apoptosis\*
  - Cellular health\*

### About the ingredients:

**Diindolylmethane** or DIM<sup>®</sup> patented form of Diindolylmethane from BioResponse is a plant compound that supports estrogen metabolism in both men and women.\* DIM<sup>®</sup> has been found to support normal apoptosis to help the body regulate defective cells.\*

**Vitamin D3** is essential for the formation, growth, and repair of bones and for normal calcium absorption and immune function.\* It also supports cellular differentiation and supports normal apoptosis.\*

**Vitamin E** is a powerful antioxidant that helps protect cells.\* Defective cells are believed to result from oxidative damage to DNA caused by free radicals. Antioxidants - such as vitamin E - help protect against the damaging effects of free radicals\*.

**Calcium D-Glucarate** helps to support the glucuronidation detoxification pathway.\* Glucuronidation enables the body to rid itself of foreign elements including xenoestrogens, pollutants and toxins. It is a process by which glucuronic acid is conjugated (joined) to various toxins in the liver so that they can be excreted through the bile or urine. It also removes "used" hormones and synthetic hormones from the body.\* Glucuronidation, is a major means of converting most drugs, steroids, and many toxic and "environmental" substances to metabolites that can be excreted into the urine or bile.\*

**Green Tea Extract** comes from the tea plant, *Camellia sinensis*, which is an excellent source of potent polyphenols/bioflavonoids with powerful antioxidant properties.\* Research has identified the polyphenol epigallocatechin-3-gallate (EGCG) as the most active agent in Green Tea.\*

**HMRlignan<sup>™</sup>** provides powerful antioxidant protection, helps protect against cellular damage caused by free radicals.\* HMRlignan<sup>™</sup> is also beneficial in supporting healthy hormonal balance.\*

**Trans-Resveratrol** is the active form of resveratrol. It is a natural polyphenol with powerful antioxidant activity that supports the body's ability to protect its cells against dangerous free radicals that can contribute to prostate problems.\* Studies with resveratrol indicate that this polyphenol inhibits the activity of aromatase and enzyme that converts testosterone to estrogen.\*

**Suggested Use:** As a dietary supplement, take 2 capsules daily, or as directed by your healthcare practitioner.

## Supplement Facts

Serving Size 2 Capsules  
Servings Per Container 30

Amount Per Serving	% Daily Value
Vitamin D3 (as Cholecalciferol) 25 mcg (1,000 IU)	125%
Vitamin E (as d-alpha Tocopheryl Succinate) 33.5 mg	223%
Calcium (as Ca D-Glucarate) 50 mg	4%
<b>DIM<sup>®</sup></b> (a proprietary enhanced bioavailability complex of starch, diindolylmethane, Vitamin E as tocophersolan, phosphatidylcholine, silica.) 100 mg *	
Green Tea ( <i>Camellia sinensis</i> ) Leaf Extract 250 mg yielding EGCG 175 mg	*
HMRlignan <sup>™</sup> (a Norway Spruce ( <i>Picea abies</i> ) Standardized Lignan Extract) 30 mg	*
Trans-Resveratrol (from <i>Polygonum cuspidatum</i> Root Extract) 50 mg	*

\*Daily Value not established.

Other Ingredients: hypromellose (capsule), microcrystalline cellulose, silica, vegetarian leucine.

**Warning:** If pregnant or nursing, consult your healthcare practitioner before taking this product.
